President's Message

Once again Saskatchewan Command is proud to be honouring our Military Veterans in this 10th edition of Saskatchewan's Military Service Recognition Book.

It is the very least we can do to honour the men and women who sacrificed so much so we and generations to come can enjoy the freedom we do.

I want to thank everyone who made contributions to this edition and encourage everyone to search out more Veterans that we can recognize. We have only scratched the surface so far. Submission forms are available at your local Legion branches, Saskatchewan Command office in Regina, on-line at www.sasklegion.ca, and a copy at the back of this book.

Saskatchewan residents and businesses have been generously supporting this project for 10 years now and I want to thank each and every one of them for their ongoing support. Without you, this project wouldn't be possible. I also want to thank Fenety Marketing and Saskatchewan Command staff for all you do to recognize our Veterans.

The very existence of these books ensures that our Veterans will never be forgotten!

And in the Morning,
We will Remember Them !*

A Message from the Premier of Saskatchewan

On behalf of the Government of Saskatchewan, it is an honour for me to provide greetings for the 10th Annual Military Service Recognition Book.

Saskatchewan is proud of our military heritage and we acknowledge our profound debt of gratitude to those who have given so much. We take great pride in today's service personnel for their courage and sacrifice in our defence and in protecting those unable to defend themselves. For more than a century, Saskatchewan men and women have distinguished themselves as members of the Canadian Armed Forces. And, it is with utmost respect that I commend those in uniform, past and present, for their strength, valour and selflessness in serving our country.

I am pleased for this opportunity to express the gratitude of Saskatchewan people to The Royal Canadian Legion as the “Keepers of Remembrance”; and, for input from families of those profiled in this extraordinary publication. As a historical resource, this book enables us to meet more personally the military personnel who made immense contributions to protect the freedoms we cherish.

Thank you to all of our Veterans for the gift of peace and to each member of the Armed Forces for keeping us secure. We will never forget your unfailing devotion and selfless courage.

Brad Wall
Premier

The Estevan Soldiers' Tree

Dedicated September 10, 2016

This carved Monument is dedicated to the memory of the men and women of the Canadian Armed Forces who have laid down their lives in the service of their country.

The Monument also pays tribute to the members of the military who have served, serve today and will serve in the future.

The tree's story began as a sapling planted in 1913 on land owned by the Pawson Family who operated Pawson's Market Garden south west of Estevan. In 2015 the family donated the 102 year old tree for the Monument.

The carving of the Monument by Darren Jones of Rimby, Alberta began in 2015 and the completed tree was moved to the present location in 2016.

The Monument depicts battle scenes and service men and women from World War 2. The Queen's Colour and badge of the South Saskatchewan Regiment are proudly displayed in tribute to the contribution of people from southern Saskatchewan.

WHAT THE HECK DOES THE LEGION DO?

Veterans

Remembrance

Community

First of all, we want you to know that at the Royal Canadian Legion, veterans are Canadian Armed and Allied Forces personnel and RCMP who have served and are serving.

Next, we want you to know that, by observing the Legion's three pillars—Veterans, Remembrance, Community—Saskatchewan Command, as the Saskatchewan arm of the Legion, is an active presence in communities across the province. But how, you ask? Well, read on, to discover how the head office in Regina works closely with its Executive Council, 171 branches around the province, and over 10,000 members to support Veterans, Remembrance and Community.

Veterans

Veterans requiring support of any kind can contact their local Legion branch in confidentiality which will put them in contact with a branch service officer. Veterans can also contact the Provincial Service Officer at 306-525-8739 or toll-free at 1-866-471-8387. Service officers conduct needs assessments and based on the results, develop a plan for the veteran to move forward which often includes a community and team effort of businesses, health professionals and other service organizations. A plan could include the service officer assisting the veteran to fill out paperwork from Veterans Affairs Canada, the service officer acquiring furniture for the veteran donated by local businesses, and the service officer connecting the veteran to health professionals.

Here are some of our programs that your donations go toward so that veterans receive the care, benefits and support that is the mandate of the Legion.

Leave the Streets Behind – for homeless and near-homeless veterans.

Paws for Veterans – matches service dogs to qualifying veterans suffering from operational stress injuries (OSIs) such as anxiety, depression and post-traumatic stress disorder. It also raises public awareness about service dogs and their presence in society.

Remembrance

Poppy Campaign – The Royal Canadian Legion, since its inception in 1926, has become known for its annual organization of November 11th Remembrance Day services and events, held in many communities across Canada to honour veterans. Along with Remembrance Day is the poppy campaign, which always runs from the **last Friday in October through to Nov. 11** – this period marks the time when The Royal Canadian Legion distributes poppies and encourages the public to wear them as a reminder of the service given by our veterans.

Poster and Literary Contests – Every year, Legion branches offer local schools the opportunity for their students to submit entries in the form of a poster, poem or essay with veterans as the theme. The contests start at the branch level in October, with winning submissions moving up the Legion ladder until finally, 14 entries from students in Saskatchewan are sent to Dominion Command in Ottawa for judging.

At this highest level, the winning entries are displayed at the Canadian War Museum from July 1 to May 1 of the following year. For the poster contest, the second-place winners and any

The Virtual Wall Of Honour and Remembrance

Legion

Honour and Remember Canada's Veterans through the Legion's Virtual Wall of Honour and Remembrance.

As a way to honour relatives and friends who have served Canada, Canadians are invited to forward a photograph of a deceased Canadian Veteran to Dominion Command to be displayed on large video screens located near the National War Memorial and shown prior to the start of the Remembrance Day Ceremony held on November 11th.

Submissions to be added to the Virtual Wall of Honour and Remembrance for November 2017 must be received by October 27, 2017. Later submissions will be included in the 2018 edition.

Criteria for photographs

- ◆ Any deceased Canadian Veteran whose death was attributable to any cause before or after they served may be honoured. A Canadian Veteran is any person who is serving or has honourably served in the Canadian Armed Forces or as a Regular Member of the Royal Canadian Mounted Police, or as a Peace Officer in a Special Duty Area or on a Special Duty Operation, or who has served in the Merchant Navy or Ferry Command during wartime.
- ◆ The photos should be high-resolution electronic-image files or high-resolution photo prints (no originals please as they cannot be returned).
- ◆ The quality of the image submitted dictates the quality of the image displayed on the Virtual Wall (please do not send photocopies as the image quality is poor).
- ◆ Please include the Veteran's name, years of service, element or force to which the departed belonged or regiment/unit.
- ◆ Please do not send service records or other documentation as they cannot be returned.
- ◆ One image for each honoured Veteran will be used.

To submit a photo

- ◆ Send a photo to: Dominion Command, 86 Aird Place, Ottawa, ON, K2L 0A1

The Estevan Soldiers' Tree

Dedicated September 10, 2016

Lester Hinzman, from Estevan, had an idea: to pay tribute to Canada's contributions to the Second World War by transforming a 7400-lb cottonwood tree into images depicting World War II.

The idea became reality as artist Darren Jones took wholeheartedly to the task along with committee members Lane Hanson, Marie Calder, Rob Rooks, Geoff Thiessen and Frosty Forrest, and dozens of other individuals and organizations. In October 2015, Jones, as a sculptor and directional driller, began carving the images using a chain saw.

The Estevan Soldiers' Tree

... continued

The actual chainsaw sculpturing took about 18 days as the tree stood where it had grown for 102 years on a farm near Estevan. Then, two park benches were carved from B.C. cedar trees to complement the military theme: Seated on the ends of the benches are a WWII sailor from HMCS Saskatchewan, a WWI soldier PPCLI, a WWII RCAF pilot officer and a modern-day soldier PPCLI. The latter was carved in the likeness of Warrant Officer Ivan Finstad, a native of Estevan. The 6-ft-wide tree with 18-ft circumference, along with the benches, were painstakingly transported to downtown Estevan: a crane lowered them into position on the Courthouse grounds near the cenotaph.

Carvings in the 20-ft-tall tree include personnel of the Royal Canadian Navy, Canadian Army

and Royal Canadian Air Force: a sergeant-at-arms; pilot; sailor; female Air Force sergeant; and a South Saskatchewan Regiment corporal helping his buddy to safety. Also depicted in the carving are the hat badge and the Queen's Colours of the South Saskatchewan Regiment.

From the planning stage to the dedication ceremony, The Royal Canadian Legion's Estevan Branch 060 was heavily involved in the project by volunteering time, donating money, fundraising, and sharing military memories and expertise.

At the dedication ceremony on September 10, 2016, the Legion Colour Party led the parade along with veterans of past conflicts and a Guard of Honour consisting of 26 soldiers from the 3rd Battalion PPCLI Edmonton. A pair of WWII Bren Gun Carriers brought up the rear of the parade transporting five WWII veterans to the monument to hold the ribbon for the ribbon-cutting ceremony. Following an address by Brigadier General Ray Romses, the ribbon cutting was performed by a PPCLI soldier from 3rd Battalion PPCLI Edmonton and a veteran of the Afghanistan conflict. Then, in front of over 2500 attendees, Estevan Branch took a vow of care accepting responsibility for maintenance of The Soldiers' Tree.

Estevan Branch is honoured to take responsibility for maintaining the Soldiers' Tree that displays carvings of Spitfire fighter plane, poems, sprays of poppies, and a combat helmet on a cross.

Bronze Plaque on the Carievale Cenotaph

After the Carievale Hall was built, it was decided to build a cairn. In 1953, Rene Hoefer hauled gravel, cement was obtained from A.W. Fuller, and a crew of volunteers poured a cement base for the cairn. In the summer of 1954, Mr. W. McElvenna, a stone mason from Oxbow, was hired to erect the cairn from field stone and mortar, at a cost of \$125.00. A glass dome that had been used on top of a gas bowser was obtained from N. W Burke, and Allen Harrison did the wiring.

In 1955, a bronze plaque was obtained and engraved with the names of all the soldiers who were killed in action in the two world wars. The plaque was fastened to the front of the cairn.

In 1958, it was decided to add a flag pole. Through the very capable efforts of Frank Raynor, some pipe was obtained and he manufactured a pole that was erected. Legion members poured a cement base and the finished product became a reality.

GeoMemorial Program

Saskatchewan's GeoMemorial Naming Program commemorates those who have given their lives in the service of their province or country by naming lakes, bays, rivers and islands in their honour. This includes members of the Canadian armed forces, peacekeepers, police officers, firefighters, conservation officers, emergency response workers, and persons of prominence who have made significant contributions to the province's history and development.

100th Anniversary: Battle of Vimy Ridge

One of two original 1917 memorials from the battle. R-B7806 (2)

The Battle of Vimy Ridge is Canada's most celebrated military victory. The four divisions of the Canadian Corps fought together for the first time in the attack on Vimy Ridge from April 9-12, 1917 and succeeded in capturing it from the German army. More than 10,000 Canadians were killed or wounded in this battle.

In commemoration of this battle, the Provincial Archives of Saskatchewan will release, "From the Prairies to the Trenches: Vimy, Passchendaele and Conspiration" on April 12, 2017.

It is the fourth video in a five-part series and showcases 1917 events as experienced by Saskatchewan citizens at home and abroad, with an emphasis on the Canadian experience at Vimy Ridge in April 1917.

This video will be shown at Government House, the Legislative Building and on the Archives' YouTube channel. The video series has been made possible, in part, by the Government of Canada.

Carnduff Community Memorial

Cenotaph before renovations

The Carnduff Community Memorial to the soldiers of the district who gave their lives in the Great War was dedicated in May 1933. The memorial consists of three parts – the park, the swimming pool and the cenotaph. One of the chief agitators for the building of the park was Mr. John Griffin.

The monument is made of tyndal stone on a concrete base and core. Complete, it stands nine feet high and rises in three steps from the base. The column is two-and-a-half feet square with a three-foot, square cap, carrying a stone ball about one foot in diameter. A marble plaque fastened to the front, contains the names of 27 men in whose honour it was erected. A dedication was held for it, with over 1,000 in attendance.

After World War Two, the names of the men who lost their lives in that war were added to the plaque on the face of the monument. In later years, the Legion improved the ground around the cenotaph and put in the paved walkway leading to the cenotaph.

In 2005, the Carnduff Legion took on a project of obtaining veterans' names and placing them on separate boards beside the cenotaph, as well as one for deceased Associate Members and Auxiliary Members' names. It was dedicated at the homecoming in 2005 by the Legion members.

The Town of Carnduff had the cenotaph redone in 2013. They replaced the marble plaque at the front. For Homecoming celebrations in 2015, Carnduff Legion Branch erected the former plaque on a stand at the door of the Legion hall. A plaque is also on the wall of the Legion with its history for a Walk of Remembrance of the Town.

MUSKEG LAKE CREE NATION

Muskeg Lake's History

Muskeg Lake Cree Nation has a long and rich cultural history. First established in 1881, the core reserve is still home to approximately 367 community members (MLCN Health Records, June 2011). 1,481 additional members live across Saskatchewan and Canada, yet they are still proud to call Muskeg Lake their home and community.

We Are Our History

Our veterans have played a significant role in the ways we have developed as a community. When community members enlisted for WWI, WWII, the Korean conflict and Peace-time service, they came back changed—not only by war, but by having their

eyes opened to the ways of the world outside the reserve. This shift in perspective has forever changed the way we see ourselves as a community.

In the second half of the 20th century, two agreements—Asimakaniseekan Askiy in 1988 and the Treaty Land Entitlement (TLE) Trust in 1992—led to the growth of Muskeg Lake. These agreements generated a need for the community to reach outward to surrounding governments and municipalities and bring us into a process of community consultation, something which had never before happened. The TLE Trust led to the acquisition of urban and agricultural lands, which fostered economic development for the community through land leasing and entrepreneurial growth.

Today, we look back on a proud history that we owe in great part to our veterans and to the community leaders who have changed the way we see ourselves as a community and in the larger world.

VAPOR JEDI

Quitting Smoking?
Tried everything?

KNOW THE FACTS ABOUT VAPING!

Come in and talk to our friendly and knowledgeable staff who are always happy to answer your questions and help you get started! 11am to 7pm 7 days a week (except most stat holidays) at **415 Circle Drive East, Saskatoon.**

The Vapor Jedi team prides itself on our commitment to education and understanding of this seemingly daunting and new technology. Here are a few of the most common questions we hear about.

MIND SET

THERE'S NICOTINE IN E-LIQUID SO IT'S JUST AS BAD AS SMOKING TRADITIONAL TOBACCO.

VAPING CAUSES "POPCORN LUNG", SO EVEN TRADITIONAL CIGARETTES ARE SAFER.

THE BATTERIES USED IN VAPORIZERS ARE PRONE TO HAPHAZARD EXPLOSIONS.

SWEET AND CANDY FLAVOURS ENTICE MINORS TO START VAPING.

I TRIED IT ONCE AND IT MADE ME COUGH. CIGARETTES ARE SAFER.

Visit us at

VAPORJEDI.COM

THE FACTS

Nicotine is addictive, however the relative harm of low levels of nicotine content found in e-liquid as well as cigarettes are not what is dangerous or poisonous. The toxic and carcinogenic (cancer causing) ingredients in cigarettes is what makes them so deadly, and this is why e-liquids have become such a popular alternative to tobacco.

“Popcorn Lung” has become a trending topic, but the facts have been misrepresented. This illness is caused by ongoing exposure to a chemical called Diacetyl, which is present in cigarettes as well as in e-liquid, however one cigarette contains over 100 times the amount of Diacetyl than in any e-liquid.

Just as your cellphone has a highly powerful battery contained in it, all complex technology needs to be handled properly in order to ensure safety for the user. Ensuring basic precautions such as proper charging of the battery and that all components were purchased from reputable dealers can mitigate the risk of malfunction.

Manufacturers have always regulated their products to be 18+. The legal enforcement of these age limits have not affected the industry as vaping has been created as an option to traditional tobacco. Limiting the flavour options available to informed adult consumers only dissuades smokers from using a tobacco alternative.

Inhalation of anything other than air can result in coughing. Just like smoking cigarettes, it takes a little bit of time to acclimatize your lungs to a new sensation. If you have never smoked anything before it will take a little time to adjust to it. If you're adamant to quit smoking using e-liquid then it's worth trying to persevere for a few days before deciding that it's not for you.

Remembering Vimy

The 100th anniversary of the Battle of Vimy Ridge will be marked in April 2017 with special events in France and Canada. The First World War's Battle of Vimy Ridge was fought April 9 to 12, 1917, in northern France. There, the Canadian Corps won a remarkable victory over the Germans, capturing the heavily-defended ridge that the Allies had previously attempted to take.

The 2016 Veterans' Week poster features the Canadian National Vimy Memorial in the foreground. This beautiful and richly symbolic monument commemorates Canadians who served during the bloody First World War. Engraved on its walls are the names of the 11,285 Canadians who died in France and have no known grave. Two towering pylons sitting on a massive base represent Canada and France. The monument also incorporates 20 large stone sculptures of figures that represent ideals for which Canada fought, such as truth, justice, hope and peace.

In the background of the poster, "Canada Bereft" is featured in detail: a striking statue of a woman, her chin forlornly resting on her hand as she gazes downward brooding over the graves of her valiant dead. The statue represents those who were left behind to mourn their loss.

An historical photograph taken during the Battle of Vimy Ridge completes the poster's design. It depicts the advance of the Canadian Corps' 29th (Vancouver) Battalion across No Man's Land and through the German barbed wire at Vimy. In total, some 3,600 Canadians lost their lives and over 7,000 more were wounded.

2017 marks the 150th anniversary of Confederation. It is very fitting that this same year includes the centenary of the Battle of Vimy Ridge, where many suggest that Canada came of age as a nation.

Celebrating 50 Years 1966 - 2016

My Uncle by W. O. Minish

Victor Albert Hare was my uncle. Although I never knew him, my mother often spoke fondly of her younger brother who had died in the Great War. Throughout my early childhood, Victor smiled down from a large oval-framed picture which hung in our living room. That picture showed Victor seated beside his brother Fred, both in uniform. I believe the picture was taken somewhere in France.

Victor was born on May 21, 1897 in or near Britannia, Ontario. He and three of his younger brothers went west with their mother in 1910 to join their father, Albert, and their eldest brother, George. For the next six years Victor lived at the family homestead helping with the farming.

He enlisted in the Canadian Overseas Expeditionary Force at Rosetown, Saskatchewan on May 3, 1916, when he described himself as a farmer (and a Methodist). Assigned regimental number 1018237, his “Attestation Paper” (his enlistment document) shows him to have been five feet ten inches tall, with brown hair and blue eyes. Strangely no weight is mentioned but his medium complexion and fully expanded chest girth of 37 ½ inches with a range of expansion of 5 ½ inches are recorded. The paper was stamped at the Orderly Room of the 232nd Battalion Canadian Expeditionary Force on the 5th of May which was probably the day that he reported for duty.

The progress of Victor’s war is sketchily outlined in other documents: “Embarked Canada Halifax 17-4-17 on the S.S. Northland”; “Debarked England Liverpool 29-4-17”; “Ent’d Segregation Camp Bramshott 30-4-17”; “Taken on the Strength of the 15th Can Res Battn.” Bramshott, on 29 April 1917; sent on August 9th to 51st Howitzer Battery, 13th Brigade of the Canadian Field Artillery at Milford Camp; proceeded, a few days later, on August 24th, overseas with the 13th Brigade, landing the same day at “Havre” in France.

Between March 3 and 15, 1918, he underwent a Signals Course in the “Field” after which he rejoined his unit. On April 1, 1918, Victor suffered what was described as “G. S. W. Neck Slight. At Duty” – a slight gunshot wound to the neck, suffered while on duty.

See page 63 for one of Victor’s letters to his mother

On September 11, 1918, Victor was caught in a poison gas attack and suffered severe burns and inflammation of the eyes. Following this attack he spent six to seven weeks in hospitals and rest centres.

See page 65 for Victor’s last letter to his mother

Victor was transferred from the 25th General to 5 Rest Camp on October 4th. On October 7th, while he was still at the CCRC, Victor was “Awarded Military Medal for Bravery in the Field.” We have no more information on the nature of the action for which the MM was awarded. Victor “Rejoined Unit from CCRC” on October 31st. Four days later, on November 4, 1918, he was killed in action, seven days before the war ended.

The following is a transcription of one of Victor's few surviving letters home:

*France
Sept 25, 1917*

Dear Mother:

I haven't had any word from you since I wrote last, but Fred got a letter so that was nearly as good. I was going to write on Sunday but we had to work all day and I was on picquet at night so I decided to write last night, but I was just getting into bed (I do my writing in bed nowadays) when the Quartermaster came along looking for men to go up the line to haul ammunition from the rail head to the guns, it is pretty hard work so any of the fellows who were dressed and had any chance, beat it out of sight instantly, but I was helpless having no clothes on so I had to dress and go up. We got up about eleven o'clock so we had to wait two hours for it, we were wrestling shells from then until after five o'clock and it was after seven when we got back to our horse line, we sure had a good nights work. I don't blame anyone for trying to get out of it, I would have if I had a chance, of course we have regular turns for going up and we don't mind that but when one of these extra turns come around we generally make ourselves scarce.

Fred has been pretty sick these last few days, some stomach trouble but he is nearly all right now.

I hear we may have to move our horse lines again, we all feel pretty sore about it as we have been working pretty hard to get this place fixed up and now we will likely have to leave it, we will be lucky if we strike as good a place again, if we get any cover for the horses we will soon build a shelter for ourselves. Well I think I will have to bring this to a speedy close as I can hardly keep awake, I dozed off once since I started this letter so if it's not very sensible you will know it is because I am sleepy. Suppose threshing will be in full swing by now, we will try and thrash a few of the germens, it is pretty slow work but I think we are giving them more than we have to take from them so I guess it will all come right in time.

Well I will close now and will write again when I am not so sleepy.

*Your Loving Son,
Victor*

The last known letter that Victor wrote to his mother is transcribed below. This letter mentions “2nd” hospital but the military records indicate he was at the 25th General Hospital at or near Etables, a small centre near the mouth of the Canche River on the Pas-de-Calais (the Strait of Dover).

*France
Sept 21, 1918*

Dear Mother:

I guess you have heard by now that I have got a touch of gas and by the time you get this I will be back with the battery. It is eleven days since I left, the first five days I couldn't open my eyes and I was washed and fed and looked after like a little baby. My eyes are nearly better now but my skin got burned a bit and is peeling off now and I shall be all right again before long.

I am down near the sea shore now where the cool sea breezes blow and they sure are cool in the morning.

We have a great time in our ward arguing about the war. We have Canadians, Australians, New Zealanders, Americans, Scotch, English and Irish and we have some good chewing matches. That's about all we have to do so it helps to pass the time away.

It feels good to get a bath every day and a good bed with white sheets to sleep in, rather different from sleeping with a great coat and a rubber sheet like I have been doing since we started the push in August.

I haven't got any mail since I came here but I expect it will be coming along any day now. I suppose you will be all through harvest by now, what there is of it, and ready for threshing.

I wish I was at it instead of lying around 2nd hospital but I think we will be back for the next harvest.

Well I haven't much more to say now so I will close.

*Your Loving Son,
Victor*

We must remember the sacrifice of those Canadian lives lost in conflicts around the world - or it will be meaningless. They died for us, for their homes and families and friends, for a collection of traditions they cherished and a future they believed in; they died for Canada. The meaning of their sacrifice rests with our collective national consciousness; our future is their monument.

Let us never forget

AU CHAMP D'HONNEUR

*Au champ d'honneur, les coquelicots
Sont parsemés de lot en lot
Auprès des croix: et dans l'espace
Les alouettes devenues lasses
Mèlent leurs chants au sifflement
Des obusiers.*

*Nous sommes morts
Nous qui songions la veille encor'
À nos parents, à nos amis,
C'est nous qui reposons ici
Au champ d'honneur.*

*À vous jeunes désabusés
À vous de porter l'oriflamme
Et de garder au fond de l'âme
Le goût de vivre en liberté.
Acceptez le défi, sinon
Les coquelicots se faneront
Au champ d'honneur.*

CHAPMAN, Robert Henry

WWII

Robert was born in Osmotherly, England on March 15, 1914 to Emma and George Chapman. His father served in the First World War and was killed in action after he stepped on a bomb in France. When Robert was fifteen, he and two of his friends boarded a ship to Canada where they worked on his uncle's farm in Moose Jaw, SK for about ten years. When the Second World War broke out, Robert signed up with the Saskatoon Light Infantry to train at the Dundurn Military Camp. He soon became a Machine Gun Instructor and a Sergeant. He fought in Italy and also participated in the Liberation of Holland, where he formed a bond with a little orphaned boy that he pulled out from a dark basement. After the war, Robert took over his uncle's farm, married Myrtle Moncrief on August 3, 1946 and had a daughter and a son. Twenty-four years later, Robert received a visit from H. William Dekker, the little orphaned boy. Robert was a member of The Royal Canadian Legion Branch 63 in Saskatoon until his death in 1996.

Jim eventually joined the Royal Winnipeg Rifles, and served as Sharpshooter on the first-wave landing of the D-Day Invasion on Juno Beach. He fought the battle for Carpiquet Airfield, and was wounded on the outskirts of Caen. Jim was removed for the duration of the war and spent a year convalescing at Ballingstone Military Hospital in England. He often joked about returning to Canada escorting a ship full of war brides. He further recuperated at Portage la Prairie. Jim was discharged in 1946 at the age of 21, and was plagued by flashbacks until his death at 84 years old in 2008. He was a member of The Royal Canadian Legion Saskatoon Branch 63 for over fifty years. His medals include the France and Germany Star, 1939-1945 Star, Canadian Volunteer Service Medal, Defence Medal and King George VI 1939-1945 Medal.

DAYTON, Claude Edgar

WWII

Claude was born on December 25, 1923 in Denzil, SK. He enlisted in the Army in January 1943 and served with the South Saskatchewan Regiment in Canada, England, France and Germany. Each year, Remembrance Day is celebrated across Canada to pay tribute to the men and women who have served our country. For Veterans, it is a day to remember and pay homage to those who did not return home from conflicts around the globe, comrades who gave their lives in support of the ideals of freedom, democracy and the right to live in peace.

Wearing a poppy and attending Nov. 11th services is a small but important way to show respect and support for veterans who have served in countries where freedom can be elusive and enemies are hard to distinguish from friends. Our world has changed, but those who serve stay remarkably the same, committed to comrades and country. On behalf of City Council and the residents of Yorkton, let's be sure "We remember them".

Sincerely,

WILDFONG CONCAVES

Our concaves are built using AR 400 plate which is four times as hard and twice as strong as regular steel; this means our concaves can outlast our competitors significantly. All of our concave parts are precision cut at professional laser shops to ensure the best fit for fabrication and lasting quality. At Wildfong Concaves we use more height above the wires to ensure quality threshing for our clients, setting us above factory design. Our continuous bar design allows all three concaves to synchronize as one leaving no dead spots or interruptions in the threshing process.

He served with the 243rd Battalion under OCJE Bradshaw in Canada and in England. He went overseas in 1917 and returned in 1919. During the Second World War, using the name George Stevens Keenan, he joined #6 Armoured Fighting Vehicles in 1943 and served in Canada. He was very seriously injured during a training accident in Dundurn. Following a long recovery, he returned to his family and his work at Imperial Oil in Regina, SK. The family discovered a photograph of the entire 243rd on a Legion Branch wall in Prince Albert that was taken before shipping out overseas, but because of his tender age at this time, it has not yet been possible to identify him. George passed away in 1986.

Bruce and his brother Jack transferred to the PPCLI, Princess Patricia's Canadian Light Infantry and Bruce sailed to Liverpool on the Duchess of Bedford in May 1940 where he was assigned as a Driver and during the Battle of Britain, he was stationed in various secret locations south of London where he worked out of headquarters, driving officers around. In June 1943, Bruce was with the 2nd Brigade Headquarters as they prepared for the invasion of Sicily. The invasion of Italy followed in September and Bruce drove a ¾-ton water truck supplying water for headquarters' soldiers and medical facilities. While in Italy, Bruce was promoted to Corporal. After being in the army for six years, Bruce has been a resident of the Veterans' Ward of Wascana Rehabilitation Center in Regina. *We honour and will not forget another's
sacrifice for us and our nation; because
of the sacrifice of so many we are able to
live in freedom and peace today.*

*We hope for our soldiers' safe returns
that are still in harm's way around the
world; we also honour their
commitment to our nation.*

Let us honour the spirit of courageous men and women who have fallen in the service of our country. These brave souls come from all walks of life and from every corner of this great country. They were fathers, sons, mothers and daughters; they were members of our families, our friends and our neighbours. They were ordinary people until they were asked to make extraordinary sacrifices in the extraordinary times of war.

We are humbled and grateful for their sacrifices in the service of our country. We appreciate their courage, their dedication, and their commitment to peace and to the rights and freedom of mankind.

On behalf of the City of Swift Current - We honour you and give special acknowledgement to the Royal Canadian Legion.

After training in Vernon, BC and Shilo, MB, he was shipped to the United Kingdom during the Second World War. He participated in the Normandy Invasion on June 6, 1944 and was taken Prisoner of War on June 8, 1944. He remained in captivity until Europe was liberated by the Allied Forces in 1945. After his discharge in August 1945, he returned to his father's farm, and eventually purchased a farm of his own under the Veterans' Land Act. John married in 1946 and had two children. He was a member of The Royal Canadian Legion Branch Cupar & District 217. John passed away in June 2001.

WALKER, Frank Edward

WWI & WWII

Frank was born in 1893 in Upper Arley, Staffordshire, England. He enlisted in the Army and served as a Private with the Welsh Regiment in Salonika, Greece on the Eastern Front during the First World War. He also served as a cook with Corps Engineers in Chilliwack, BC during the Second World War. Frank was mentioned in dispatches and was awarded the Victory Medal and the British Medal. His records, according to the National Archives in the United Kingdom, were likely lost in the London bombings during the Second World War. WWII

Alexander was born in 1923. In 1942, he enlisted in the Canadian Army in Prince Albert, SK, served with the Special Services Battalion and later trained in British Columbia and Montana, USA. In October 1943, he was sent to Italy where he served as a Paratrooper and participated in the successful assault on Monte Casino. He was then sent to Anzio where many of the soldiers were disguised as farm boys, hiding in the community, gardening and raising farm animals to feed themselves and the community. Seniors in the area still recall their exploits. Sergeant Wall was killed in action in Italy on May 24, 1944 but was mistakenly buried as an American. He was repatriated and his remains now rest in the Beach Head Cemetery in Anzio, Italy. He was posthumously awarded the Italian Star. "We are richer because of his service and sacrifice – but also poorer due to his loss."

DAWE (KOOPMANS), Netta Arendina Hendrika

Netta was born in Harderwyk, Holland and resided in Apeldoorn, Holland before departing for Canada. She married Lawrence Milton Dawe, a RFN with the Army, on July 14, 1947 at Wadena Baptist Church in Wadena, SK. She left Rotterdam on board the Waterman ship and arrived in Montreal on June 26, 1947 before boarding a train to Wadena, SK. Netta was fourteen years old when the war broke out. In Holland, she taught physical education to the younger children after school and later became a Dental Assistant before she came to Canada as a war bride in 1947. In March 1948, Netta and Lawrence sponsored her family of thirteen to Canada, which was her father, mother and siblings. They came by boat and then by train to Wadena, Saskatchewan. Netta loved to garden, knit and play cards. They have three children: George, Blandina and Kathy.

DIXON (MITCHELL), Grace

Corporal Grace Mitchell was an RAF Wireless Operator stationed at Royal Air Force Detling Aerodrome in Kent, England when she met William "Bill" John Dixon in 1941. She later transferred to RAF Chicksands in Bedfordshire doing enemy interceptions. Grace talked about being on duty in her wireless hut and the bombs falling overhead. On one occasion, a bomb came through the roof of her hut but failed to detonate. Grace had to carry on with her duties while a disposal unit worked to defuse the bomb because, if she didn't, it would be considered desertion. An RAF doctor advised Grace and her colleagues to take up smoking to help steady their nerves so they all started to smoke. Grace and her crew were commended for intercepting some particular messages which led to the sinking of a German battleship, the Scharnhorst. Grace would visit Bill and Ian McLeod at the Canadian Military Hospital in Bassingstoke. When Grace eventually came to Canada in 1946, the student minister at the Macoun United Church was the same Ian McLeod she had visited at the Canadian Military Hospital. Bill and Grace were married on August 18, 1943 at St. Giles Church, Edinburg, Scotland. Two days later Bill left to join his unit in Italy. Bill and Grace had a weekend together before Bill was demobilized back to Canada with the LAA Battery at the end of July 1945. Grace was given her travel papers and joined other Canadian war brides sailing on the Cunard White Star Liner Aquitania to Halifax, NS in May 1946. Bill and Grace farmed east of Macoun. They moved into the village in 1968 when Grace took over as Agent for the Ellsworth Telephone Co until they went over to dial in 1973. Bill and Grace had five children.

FRIETMAN, Wilhelmina Johanna “Miep”

Wilhelmina was born in Rotterdam, Netherlands. She met her husband Eric Walter on a blind date in Rotterdam where Eric’s communications unit was sent to do repairs. Despite the language barrier, they managed to get acquainted and fell in love. Miep was only 18 years old and her father would not allow her to marry; especially to a soldier with no job guarantee when he returned to Canada. The couple made the best of a two-year long-distance relationship until Miep was finally able to cross the ocean aboard the Waterman on June 17, 1947. After docking in Montreal on June 25, 1947, Miep boarded the train for Saskatoon where Eric eagerly awaited her arrival. They were married five days later on July 5, 1947 in a small Anglican Church in Saskatoon. Miep and Eric were married for 62 years and they raised six children. Eric passed away in 2009. Miep resides in Wynyard, SK.

LINCOLN (TILLYER), Dorothy May Sylvia Gorman “Dolly”

Dorothy was born in Bruforth, Newburg in the United Kingdom. She married Walter Lincoln in Farnbourg, UK in 1941. Dorothy left Liverpool in 1944 with two children Helen, age three and Yvonne, age eighteen months and was pregnant with third child, John. Due to the pregnancy, Dolly was sea sick and unable to leave her bed to care for her children. They were left in the care of the ships staff the whole journey to Halifax. Once the ship docked, the nausea ceased then they were able to board a train to continue the journey to Saskatchewan. After arriving to her new home at Wawota, SK and getting settled, she was amazed at what the general stores had in stock, like canned goods, produce and dairy as living in England, everything had been rationed during the war. She found the winters cold at first but soon adjusted to life on the farm and Canada.

MILLS (DALLAWAY), Joyce Mary

Joyce was born in Yorkshire, England. She married Robert Mills, a L.A.C. in the Royal Canadian Air Force, in Sowerby, Thirsk in 1944. She left Liverpool with her two children on board the Empire Brent and arrived in Halifax, where she took a train to Craik, Saskatchewan. She has been back to England quite a lot with her husband and their children. She now has four children, two boys and two girls, which she is grateful for. She loves Canada and would not trade it for the world. Her husband, Robert, passed away on May 19, 2000.

NELSON, Jean

Jean was born in Macclesfield, Cheshire, England. She married Earl Myers, who served in the Medical Corps of the Army, on August 14, 1943 in MacClesfield, Cheshire. Earl left for Wawota, Saskatchewan in 1945 and Jean and their son Bryn left in 1946. After Earl and Jean were married, they often spent their Saturday evenings visiting with Earl's commanding officer. One Saturday, Earl and Jean weren't feeling well so they decided to stay home. A bomb dropped close to the commanding officer's home. Shrapnel broke the window and landed on the very chair where Jean always sat when visiting. She considered herself very fortunate.

SMITH, Mary Whiteford Cooper

Mary was born in Glasgow, Scotland. She married Private Chester Charles Smith in Libberton near Biggar, Scotland in 1945. She departed Liverpool, England on board the S.S. Georgic on July 7, 1946 and arrived at Pier 2T in Halifax, Nova Scotia and took a train to Davidson, Saskatchewan and a truck to the farm, 15 miles away. On Sunday, July 21, 1946, there was not one person in view – not even a dog or cat. Her brother-in-law arrived in a Red International Truck, put trunks in back and drove 15 miles out in flat country to the farm in Smithburg (Lothian) and there were twenty people there. From 1946 to 1950, she stayed on the farm. The winter months were a very difficult time. From October to April, there was no driving truck or car. It was forty degrees below zero with loads of snow and travel was done by a team of horses in one large sleigh. They went to town "Davidson" for mail and the odd grocery and they heated bricks in the oven the night before and wrapped them in newspaper. They were covered in horse blankets which were placed on the horses when you got to town if the barn in town was full. She now lives in Red Deer, Alberta and celebrated her 90th birthday at the end of November. "The friendly people of Saskatchewan are priceless." She was a member of The Royal Canadian Legion in Carrot River, SK and is now a member of Legion Branch 35 in Red Deer, AB.

THOMSON (MILLER), Grace Pamela

Grace was born on December 1, 1913. She was raised in St Mary's Orphanage, Cheam, London, UK. She worked at Cane Hill Hospital, Coulsdon where she met her future husband, Joseph King Thomson, at a staff dance. They were married in St Andrews Church in Coulsdon, Surrey on October 19, 1941. Their daughter Sheila was born in 1942. Grace and Sheila came to Canada on June 10, 1946 on the Queen Mary and settled in St Walburg, SK after taking the train from Halifax. When Grace first arrived in St Walburg, she canned everything she could, thinking about the long, hard winters she had heard about (only to be surprised that the local OK Economy Store carried fresh produce even at 40 below). The family moved to Saskatoon in 1949 and she became involved in Girl Guides, teaching Sunday school and singing in the church choir. After Joe's passing, she moved to Grande Prairie, AB to be near Sheila. She acted in many plays, musicals, pantomimes as well as being a member of the War Brides Association, Life Member of Girl Guides, Grande Prairie Legion Branch 54, Ladies Auxiliary, hospital worker, Sunday school teacher, and church choir. Grace passed away on September 18, 2006.
